

Louisa Müller

Kia ora, my name is Louisa Mueller. I am an experienced outdoor professional and passionate paddler with a strong connection to water-based environments. I am deeply committed to supporting others to develop their skills, confidence, and enjoyment in the outdoors.

I have worked in the outdoor industry for nearly a decade, with a primary focus on sea kayaking since 2017. Over the past three years, I have particularly enjoyed the coaching side of my work, alongside roles in outdoor education, collaborating with local schools, and working seasonally with Abel Tasman Kayaks.

I believe the outdoors is a powerful teacher and an exceptional environment for learning and personal growth. Working in these settings allows me to help empower others by building competence and confidence, while sharing in the resilience, enjoyment, and achievement that emerge through outdoor journeys.

I have held my NZOIA Sea Kayak Level 1 coaching qualification for the past three years and am enthusiastic about continuing to grow and develop as a coach.
